Resources in support of Research

- External
- Internal

Internal Funding – University Research Funds (URF)

- The University College shall set aside funds annually for research purposes
- The URF under the UCRC shall be used to support research aligned to the university College priorities and which shall be seen as investments on the range of what the University College expects from research.
- URF shall be allocated by UCRC and will be distributed as follows:
- 60% as Annual Research Grant (ARG)
- 10% for development of critical capital equipment
- 10% to support research publications
- 18% to support extension services
- 2% to support administrative services
